

A "Not So Simple" Dimple.

DELTA®-MS, the best dimple sheet foundation protection system.

RECYCLED WRAPPED IN SUSTAINABLE

DELTA®-MS uses an exclusive three-layer co-extrusion process. The central core contains 100% recycled material. The two outer layers are virgin polyethylene that ensures the sustainability and long life of DELTA®-MS.

HIGHEST QUALITY

DELTA®-MS is engineered to last over 5 times longer than any competitive dimple sheet. Call us anytime for Independent Long Term Testing that proves DELTA®-MS outperforms all competitors.

DELTA®-MS

Competitive dimple sheets.
Independently Tested.
